

CALL FOR PAPERS: 2 MONTHS TO GO

Closing dates

19th April 2021: In-congress Workshops, Symposia, Skills Classes, Panel and Roundtable Discussions

30th April 2021: Open papers and Poster Sessions

Last year was a disaster for us all. Meeting together at a congress has been an impossible for over a year. Technology has meant that some events could be run online as virtual meetings and the hard work of the organisers of the 2020 EABCT Congress that should have taken place in Athens resulted in EABCT running its first ever virtual congress which was a great success even if we couldn't be together.

The prospect of being able to once again run a live annual congress in September this year is now looking like a reality. Delegates have already registered for the congress and the pre-congress workshops. Most are intending to be there in person including all our keynote speakers. The Congress is being run as a hybrid event which means that speakers can present either online or in-person. Delegates can also choose to join online or in person and nearer the time of the congress people will be able to switch from one to the other if they wish.

It is now just **two months** before the closing date for the submission of symposia, skills Classes, in-congress workshops, panel and roundtable discussion sessions so do not delay if you want to present at the congress. Visit the website on eabct2021.org and follow the instructions for submitting from the homepage.

Registration is now open and we hope that you will be able to join us in Belfast in person or online
